IPad Weather Briefing

Websites		
Aviation Weather	Aviationweather.gov digital.aviationweather.gov new.aviationweather.gov	Fantastic comprehensive weather information provided by the Aviation Weather Center - NOAA and the NWS
Lockheed Martin Flight Service	1800wxbrief.com	Flight services associated with telephone briefings as well. Excellent features and information.
Jeppesen Jetplan	jetplan.com username = jeppwx06, password = flysafe06	Weather information provided by Jeppesen that is used often by Part 121 and 135 professional operations. Also provides weather info to AOPA.
Weather Underground	wunderground.com	Very fun and comprehensive site. Includes access to personal weather stations
Apps		
Aerovie Reports	aerovie.com	Featured in our seminar, this app provides comprehensive weather briefing elements not found in other apps.
TakeoffHD	takeoffaviationweather.com	This outstanding program combines weather information with your personal limits
MeteoEarth	www.meteoearth.com	Fantastic look at weather information including cloud cover.
WeatherProHD	weatherpro.eu/ipad/weatherpro.html	Combined with MeteoEarth, this app provides a great weather picture overall.

For the Love of Flight
